

The diagram shows a rectangular sticker template with three distinct zones. The innermost zone is a blue dotted line, representing the safe area. The middle zone is a pink dashed line, representing the trim area. The outermost zone is a black solid line, representing the bleed area. Lines connect these labels to their respective zones on the left side of the diagram.

SAFE AREA

DO NOT place important texts or images beyond the blue dotted area to prevent trimming.

TRIM

This is the actual cut of the final design.

BLEED

Extend your artwork to the edge of this template if you want your design to extend to the edge of your final prints. We require 1/8" bleed all around.

2.5" X 3.5" STICKER
